Knowledge and experience

The AtéCé professionals know exactly how to make printing and self-adhesive blankets and stripping plates of consistent quality. Several PrintCare products are Isega certified. Within the PrintCare product range, there are applications for sheetfed printing, web printing, coldset, heatset, metaldeco, 2-pc Can and plastic printing.

AtéCé also supplies a special PrintCare plotter for plotting stripping plates.

PrintCare printing and self-adhesive blankets and stripping plates are used in the following segments:

- Commercial printing (sheetfed and web)
- Packaging printing
- H-UV / LED-UV
- Label printing
- Security printing
- Envelop printing
- Self adhesive blankets
- Under blankets
- Press-ready blankets

AtéCé Graphic Products

Based in the Netherlands, AtéCé Graphic Products is a leading manufacturer of a wide range of graphics consumables. AtéCé exports to more than 80 countries around the world via an extensive network of distributors.

Producer

Since 1977, AtéCé has been a producer of, among other things, pressroom chemicals, dispersion and UV coatings and printing inks. AtéCé makes up rubber blankets, stripping plates and washcloth rolls in-house. The production sites are located in the Netherlands, in Uitgeest and Alkmaar. The various products are brought to market under its own brand names, as well as under private labels or as an OEM product.

Distributors

AtéCé has a strong global network of distributors. Quality is an important trademark. As one of the few independent players in the market, AtéCé has a large degree of autonomy. AtéCé is a family business, this guarantees total engagement, accessibility and continuity.
